### Naked Leadership

By David Bentley

RRP: US\$27.95

[www.nakedleadership.com.au](http://www.nakedleadership.com.au)

Touted as a book that cuts through the waffle about leadership in the modern workplace, author David Bentley delivers a no-nonsense, informative guide to leading staff. The book proudly proclaims that it is not an “esoteric guide to your leadership karma or a scientific formula for brainwashing employees” and that it is 100% free of navel gazing, group hugs and self-indulgent jargon.

*Naked Leadership* gives tips and advice based on real-life situations from real companies and seeks to debunk myths about great leaders, espousing that anyone with the will and application can lead a productive workforce. The book has a predominant focus on the Australian workplace and some readers might find this a drawback. But the principles can generally be readily applied in offices across the globe. Bosses and HR managers alike can get something out of this entertaining and easy-to-read book.
